This definition covers the natural person(s) who actually own or control the corporation as distinguished from the legal owners. Such beneficial ownership may be determined on the basis of the following:

- | <u>Category</u> | <u>Description</u> |

| F | Natural person(s) acting as stewards of the properties of corporations, where such properties are under the care or administration of said natural person(s). |
| G | Natural person(s) who actually own or control the reporting corporation through nominee shareholders or nominee directors acting for or on behalf of such natural persons. |
| H | Natural person(s) ultimately owning or controlling or exercising ultimate effective control over the corporation through other means not falling under any of the foregoing categories. |
| I | Natural person(s) exercising control through positions held within a corporation (i.e., responsible for strategic decisions that fundamentally affect the business practices or general direction of the corporation such as the members of the board of directors or trustees or similar body within the corporation; or exercising executive control over the daily or regular affairs of the corporation through a senior management position). This category is only applicable in exceptional cases where no natural person is identifiable who ultimately owns or exerts control over the corporation, the reporting corporation having exhausted all reasonable means of identification and provided there are no grounds for suspicion. |
